Become a role model for a youth learning the truth about her or his value and identity.

The survivor mentor program builds supportive relationships with high-risk youth, current victims, and recovering survivors ages 12-25—providing care and community to vulnerable youth with histories of abusive and dysfunctional relationships. Mentors work as a team to support a youth who is moving through the stages of change associated with a trauma history.

Mentors focus on modeling wholesome relationships, encouraging a positive self-identify, teaching life skills, and introducing healthy choices. Potential mentors complete an application process, which includes a background check and references. **Accepted applicants join a 25-hour certificated training**

course covering topics such as human trafficking, the effects of trauma, interpersonal communication, boundaries, and safety. Two mentors are assigned for a minimum of one year to every suitable referral.

Forever Found exists to support the prevention, rescue and restoration of child trafficking victims internationally and locally in Ventura County.
